

OBTAIN LARGE SETS
ON BOWLING ALLEYS

McCarthy Gets 382 in Southeast League, and Campbell 380 in Commercial.

ROYALS ROLL BELOW FORM

Register Their Lowest Total in Many Matches Against the Casinos.

McCarthy, of Sanitary Grocery, in the Southeast League, and Campbell, of Southern Railway, in the Commercial, established new records for their respective organizations last night. McCarthy rolled a set of 382, with a high game of 132, both of which are the best marks registered in the Southeast League this season, and Campbell, with a total of 380, takes the high set laurels of the Commercial.

Sanitary Grocery, which is in the Southeast pennant race, won only the second game from Model Lunch, McCarthy's 152 count being mostly responsible for the win. Southern had little trouble in scoring a clean sweep over Barber & Iones.

Royals Roll Poorly. With the exception of Lewis, not one of the members of the crack Royal team performed up to his standard when the Casinos were encountered in the National Capital League, although the Royals won two out of three. A total of 1,576 represented one of the poorest showings of the record-smashing combination in many matches.

More than ordinary interest attached to the Casino-Royal battle, as both of these teams will meet the Palace quint, of Roanoke, Va., here Saturday. The Casinos outrolled the Royals on total pins, an accomplishment which few teams are credited with having achieved this season, with a set of 1,500.

Much Expected of Team. While the Casinos are expected to give the expert Roanokes some worthy competition, local bowling fans are depending on the Royals to vanquish the visitors, and last night's showing of the latter was disappointing. It was the continuation of the slump that the Royals fell into following their brilliant performances just after the Christmas holidays.

The Royals have finished their league rolling for this week, and will have no more competition until the Roanoke team is met.

It is probable that the Royals will be tied for the District League lead tonight, when the Continentals roll the Resolute at the Royal. The Continentals need all three games in order to gain a deadlock, but this should not prove difficult in view of the comparative strength of the two teams.

CENTRAL HIGH GRADUATION.

Congressman James T. Lloyd Gives Address at Exercises.

Right living and labor as the road to success in the business world were urged by Congressman James T. Lloyd of Missouri at the graduating exercises at Central High School last night.

Mrs. Susie Root Rhodes, member of the Board of Education presented diplomas to twenty-nine graduates, the first to be graduated from the building. The Rev. John Van Schaick, Jr., president of the Board of Education, presided. Invocation was given by the Rev. J. Henning Nelson.

Several selections were given by the orchestra. The following students received diplomas: Arthur Jay, DuVal Duckett, Helena Dunfield Elder, Virginia Roseberry Griffith, Mildred Clifton Hall, Florence Emma Hartman, Margaret Bradford Hildreth, Celeste Alma Hill, Mabel Irene Hinds, Regina Adele Langman, Margaret Moore, Katharine Louise Sanders, Cleo Lorena Scanlan, Freda Stein, Catherine Taylor, Landon Williamson Trudgian, Eleanor Blackburn Washington, Charlotte Augusta Winchusen, Virginia Torrence Young, Charles Lewis Curtis, Jr., Edwin Dorsey Doniphan, Oliver Bailey Exline, Arthur Meyer Hartman, Ralph Emmert Heltmuller, Alec Horwitz, Walter Latour Miltard, Gwynne Radcliffe Proctor, Carl Henry Shaffer, Jr., Edward Wynkoop Stitt and Paul Edward Waring.

POLISH EMIGRATION BANNED.

No Boys or Men Between Ten and Fifty Allowed by Germans.

Germany has declared a ban on the emigration from Poland of all boys and men between ten and fifty years old. This information was brought to light today by statements of steamship companies, who have been thwarted in efforts to bring to America the families of several Poles now in the United States.

According to the steamship men, women, old men, and boys ten years of age and younger may leave the country for neutral ports, and are accorded the protection of the German government from their homes to the port of sailing, in Holland.

BENEFIT SUPPER TONIGHT.

Ladies of the Mt. Pleasant Methodist Church, south, will give a benefit dinner from 5 to 7 o'clock this evening in the lecture room of the church at 16th and Lamont streets, northwest.

The menu will comprise chicken, slaw, cranberries, potatoes, vegetables, ice cream and coffee. The dinners will be given under the direction of Mrs. J. J. Printup, Mrs. Page Heltonius and Miss Pauline Jones.

MOUNTAIN FOLK TO
DO LINCOLN HONOR

Martyr President's Birthday To Be Observed by People of Cumberland Gap.

MANY NOTABLES TO ATTEND

Exercises To Be Held at University Founded in Locality of Emancipator's Birth.

All the nation will join in the celebration of the birthday of Abraham Lincoln February 12, and programs of these celebrations are being drawn up now by organizations throughout the United States. But perhaps nowhere in the country will the birthday of the Martyr President be so solemnly and impressively observed as by the mountain folk of Cumberland Gap, where Kentucky, Virginia, and Tennessee touch sides in the midst of the wild and rugged Appalachians.

For among these mountains Lincoln was born. Cabins such as the one in which Lincoln was born still dot the mountains. Here, it is said, are found a people whose ancestry dates back to the first pioneers of the country in an unbroken line of sturdy mountaineers.

Just as Lincoln did. It was in surroundings with which the mountain boys of today are still familiar, that Lincoln was born. Those mountain boys of today fling themselves on the floor in front of a "lightwood" fire to pour over their few books, just as Lincoln did.

In a way, the celebration of Lincoln's birthday this year is expected to help in the movement to improve the conditions under which those mountain boys of the Lincoln type have to educate themselves.

For in this mountain country there

is the Lincoln University. It was founded by Gen. O. O. Howard, a Vermont, shortly after the close of the civil war. The university is doing a great work. It is stated, but its scope must be increased.

For Endowment Fund.

At present a campaign is being conducted to raise an endowment fund of \$1,000,000 for the university, and the prominent men who journey there for the observance on the 10th, 11th, and 12th of this month, will be urged to lend their support in raising it.

There are about 700 students in the university at present, and the majority of them earn their way through. The boys manage and work the 600-acre farm, while the girls do the housework, sewing, washing dishes, and cooking.

Notables To Attend.

Among those who are expected to attend the memorial exercises and lend their aid in creating this endowment fund, are the governors of Kentucky, Virginia, and Tennessee, the three States whose borders meet at Cumberland Gap, who will deliver addresses of welcome; Governor McCall of Massachusetts; Henry Clegg, Adolph Lewisohn, Max Pam, John E. Liggett, Martin H. Glynn, former governor of New York; Bainbridge Colby, Marcus M. Marks, president of the borough of Manhattan; Jacob M. Dickinson, former Secretary of War; Leslie M. Shaw, former Secretary of the Treasury; Congressman Joseph Cannon of Illinois; Senator William Alden Smith of Michigan; Charles A. Towne, formerly United States Senator from Minnesota; Lawrence Y. Sherman, Senator from Illinois; James E. Watson, Senator from Indiana; Robert L. Owen, Senator from Oklahoma; John K. Shields, Senator from Tennessee; Charles E. Townsend, Senator from Michigan; Jacob E. Meeker, Congressman from Missouri; George E. Foss, Congressman from Illinois; F. A. Seiberling, of Akron, Ohio; A. L. Garford, of Elvira, Ohio, and Thomas Penney, of Buffalo, grand master of the Masons in New York State.

Among leading educators who will attend are the presidents of Roanoke College, Wesleyan University, Georgetown College, Virginia Polytechnic Institute, University of Kentucky, University of South Carolina, Carthage College, and Moore's Hill College.

Plans have been made to run special trains to Cumberland Gap from New York and Chicago on February 10.

NATION UNPREPARED
SPEAKER DECLARES

H. E. Coffin Cites Need of Industrial Plans to Meet Conditions.

Because of "exigencies of the situation" and "responsibilities of his office" Secretary of War Baker did not make his promised speech before the Chamber of Commerce of the United States at its meeting in the Willard today. Notification that he would be unable to attend was given by H. E. Coffin, president of the chamber.

Talk on Preparedness.

Startling statements of the nation's industrial unpreparedness were made by Howard E. Coffin, of the Naval Consulting Board in his speech before the chamber. Figures were read by him which showed that England could land a huge force of men on the Eastern coast within a short time, that the Government plants now manufacturing munitions would require eight years to manufacture the rifles needed to supply a suitable repelling force and twenty-five years to supply cartridges.

He stated that within one week after the declaration of war "the wheels of commerce would cease." He further stated that it has been estimated that it would take from one to two years for these plants to change to the manufacture of war munitions.

Wants All Factories Equipped. He suggested the manufacture each year by every manufacturing establishment in the United States of some part of a shell, gun or other piece of war machinery from Government plans.

In making his report from the national defense committee of the chamber, Bascom Little, of Cleveland, introduced his subject by saying that "any one who has read the papers today will realize that this question is not academic. It is real, and more than ever."
